**I. CALL TO ORDER.** President Dr. Susan Clark called the regular meeting of the North Royalton Board of Education to order at 7:00 p.m., February 6, 2017, at Albion Elementary School.

**II. PLEDGE OF ALLEGIANCE.** President Dr. Susan Clark requested all present to join in the Pledge of Allegiance to the flag.

**III. ROLL CALL.** Present: President Dr. Susan Clark, Vice President Dr. John Kelly, Jacquelyn Arendt, Heidi Dolezal, and Anne Reinkober. Also present were: Superintendent Gregory Gurka, Treasurer Biagio Sidoti, Assistant Superintendent James Presot, Director of Personnel Patrick Farrell, staff, media and visitors.

**IV. RESOLUTION 2017-57: FINALIZATION OF AGENDA.** Resolve the Board of Education to approve the agenda as presented.

Moved by Kelly

Seconded by Arendt

Voting Aye: Kelly, Arendt, Dolezal, Reinkober, Clark

Motion Carried

**V. RESOLUTION 2017-58: APPROVAL OF MINUTES.** Resolve the Board of Education approve the minutes from regular meeting on January 9, 2017, the organizational meeting on January 9, 2017, and the special meetings on January 4, 2017, January 5, 2017 and January 23, 2017.

Moved by Arendt

Seconded by Reinkober

Voting Aye: Arendt, Reinkober, Dolezal, Kelly, Clark

Motion Carried

**VI. RECOGNITION OF GUESTS AND PRESENTATIONS**

This month the focus of the presentations was on the art and music programs at all of our buildings. The elementary principals, Vince Ketterer - Albion, Kirk Pavelich - Royal View and Jeff Hill - Valley Vista, along with music teachers, Sarah Burrows, Beth Iafiglia, and Abigail Studor, did a presentation centered on the third grade square dance. They also invited Assistant Band Director Chris Burdick and his son Ryan to discuss how their family has been involved with the square dance for years.

Middle School Principal Jeff Cicerchi showed a video by Art Teacher Elisabeth Miller to highlight what her students have been doing in class. He explained the different art programs offered at the middle school.

High School Principal Sean Osborne brought staff members to talk about the high school band, art and drama programs. Band Directors, David Vitale and Chris Burdick recognized the marching band. As members of band council, President Nichole Santangelo and Vice President Ryan Burdick represented the entire marching band and were recognized for their hard work and commitment to the music program at the high school. This is the 27th consecutive year that the high school has received a superior rating at the OMEA finals in Columbus.

Also recognized for their accomplishments in our high school band program were Matthew Brewer and Rourke Zarzycki. The OMEA Conference was in Cleveland this past week. Matt and Rourke were recognized for performing in the 2017 OMEA All State Band at the Cleveland Convention Center on February 3. OMEA highlights elite ensembles

for orchestra, band, choir and jazz bands from across the state, comprised of top students that apply to be in these ensembles. These two students were selected from North Royalton. They have to participate in an anonymous audition process and then in a period of just 72 hours, they rehearse as an honors ensemble. Not every band is represented because it is such an elite group, so it is truly an honor to have North Royalton represented.

Art teachers, Dalia Erney, Katie Romanic and Brandon Speers introduced Rachel DiFrancisco, who submitted a senior portfolio of eight pieces entitled, "Welcome to the Jungle," to the Scholastic Art Competition. At the regional level, her portfolio received a silver key and two individual pieces received a gold and silver key. The piece that received the gold key allows her to move on to compete for a national gold or silver medal and to be eligible for other scholarship and internship opportunities. Her pieces were on display at the Cleveland Institute of Art from January 17 through February 3.

Megan Dolar introduced Danielle Vivcharenko and Emily Krejci who presented a preview of this year's musical, *The 25th Annual Putnam County Spelling Bee*. Danielle also talked about the Dazzle Awards that are put on by Playhouse Square at Connor Palace. Last year she was nominated for best actress and North Royalton was also nominated for Best Costume.

Assistant Superintendent Jim Presot gave a presentation on the district's HVAC units. He explained how the units at the various building levels work and gave tremendous credit to our maintenance department for keeping things running smoothly in spite of the aging of these units. The presentation showed the necessity of updating these systems with fear of being only a ten degree day away from having a system shutdown which would cause the district to close a building.

**VII. PUBLIC PARTICIPATION.** The public is invited to speak to any of the agenda items and other school topics at this time. Comments should be limited to five minutes. No speakers addressed the Board.

## **VIII. COMMITTEE REPORTS**

**Legislation:** Mrs. Arendt submitted the following report:

On January 30, 2017, Governor John Kasich released his FY18-19 budget for Ohio. The budget is just being reviewed but indications are that the K-12 education budget should increase by 1% per year. However, it has also been stated that districts with declining enrollment will see no increase and may also have their state allotment lowered.

The Ohio Department of Education (ODE) has draft documents on the Ohio's Every Student Succeeds Act (ESSA) state plan. Please review this draft proposal and consider submitting public comments about it now through March 6. Once final edits are made based on the comments received, the full draft plan will be submitted to the U.S. Department of Education in early April.

The State Board of Education met in January and selected their leadership for 2017. Tess Elshoff of New Knoxville was elected president and Nancy Hollister of Marietta was chosen to serve as vice president. The next meeting of the State Board of Education will be held on February 13 and 14.

OSBA's State Legislative Conference will be held on Wednesday, March 15 in the Ohio Statehouse Atrium. The conference is scheduled from 9 a.m. to 1 p.m. The State Legislative Conference provides school board members, administrators and treasurers a great venue to meet with their state legislators and discuss issues impacting public education. During the morning session, school district leaders will hear briefings on proposed legislation that can be used in discussion with their legislators during lunch and in office visits later that day. Attendees will also hear from legislative leaders about their views on public education and other priorities.

**Financial Advisory & Audit Committee** - Mrs. Dolezal submitted the following report:

The committee met on January 19, 2017. As a group, we reviewed the financial report as of December 31, 2016; which included bank balance, statement of revenues, expenditures, and fund balances. We also reviewed financial reports, estimated receipts, expenditure authority reported, and overview of expenditure authority reported by fund.

There was discussion regarding the GFOA appropriate level of unrestricted fund balance in the general fund, and lastly the general fund cost reduction plan to facilitate building needs in the future.

**Building & Grounds** - Mrs. Dolezal submitted the following report:

This past month, the maintenance department has been spending much time on our HVAC, roofs and kitchen equipment. Calibrating, bleeding of the system, drain trap replacement, replacement of a feed water regulator and motor repairs to our HVAC, have been addressed mainly at the high school and Valley Vista. We did experience one core failure this month at our high school in the 400 section.

Roofing issues continue at our high school in the 400 section as well, along with our middle school gold gym. Ongoing inspection and patching is done as weather allows.

The kitchen repairs have been very demanding as we have experienced multiple freezer failures and we installed a new convection oven in our middle school kitchen.

A bit of renovation was done in room 412 of the high school. A fire blanket, fire extinguisher, new cabinetry and an eyewash/shower station have been installed due to the new curriculum. Extending water lines and drains, removing of flooring tiles and drilling through the concrete floor to access the needed utilities were part of the project.

We are midway through the plowing season and needed repairs such as rams, lights and springs have been done to our fleet of trucks. We have also experienced an exhaust failure and a transmission leak on our valuable box truck. All vehicles are up and operational at this time.

We are in the process of installing a commercial grade washer and dryer at each of our high school and middle school buildings. The install will help prolong the life of the residential type washer and dryer that are used by the kitchens. Large

and heavier items such as floor sweeping mops will now be cleaned in the new machines. We will be installing 110 and 220 volt lines, hot and cold water lines along with a drainage system, which will need to be run to each location.

**Transportation** - Mrs. Reinkober submitted the following report:

Two bus stop appeals were presented for review at the January 23 transportation committee meeting. One resulted in a change to the bus stop and the other had no change. The committee was updated on the school bus replacement grant, and bus ridership and mileage figures. Mr. Gurka and Mr. Presot shared information on the bond issue.

On February 1, Assistant Treasurer Sadie Fellure and Mechanic Supervisor Jon Capadona attended a meeting at the local Ohio Department of Transportation office regarding the school bus replacement grant. Officials shared information about the scope of the project, the procurement process and the required documentation for reimbursement.

**PHNR** - Mrs. Reinkober submitted the following report:

The committees of PHNR reported on their activities at the January 25 meeting:

Youth Committee is working on a parent substance prevention pamphlet that will be distributed to parents at all school buildings. Students purchasing parking passes at the high school will be given information on Ohio's texting law. Some of our students will be participating in "Preventing Youth Tobacco Initiation" - a collaboration with the Ohio Department of Health and other local coalitions and they will also have the opportunity to attend an Opiate Epidemic Youth Summit with other local high schools.

The Resource Committee is working on an updated Community Perception Survey. The last community survey was done in 2012. They will also be reviewing the most recent data from the OHYes! Youth survey that our 7th and 11th graders participated in.

The Outreach Committee will focus on Business Partnerships, PHNR brand recognition and a social media campaign. The Action Committee is working to bring a heroin forum here as well as information on medicinal marijuana education.

PHNR hosted Fatal Vision Training, an evidence-based program to enhance classroom curriculum on prevention. The tools help deliver an interactive approach to education on alcohol and marijuana use.

**Curriculum & Instruction and Pupil Services** - Dr. Kelly submitted the following report:

*Curriculum and Instruction:* The second round of district-wide diagnostic benchmark assessments through STAR reading and math have taken place and data is being reviewed at the building level. The District Leadership Team will meet this month to review all data and identify areas of strength and those in need of targeted intervention. Members of the district RtI committee, our RtI and Title I teachers, and building administrators have been instrumental in helping all teachers become more knowledgeable about our new STAR product.

On February 9, teachers at all levels will participate in professional development during an Early Release Day. Activities will include training for co-teaching teams, Google Certification, STAR custom assessment development, and infusing English Language Arts standards through all content areas.

In Pupil Services news, the Special Education teams at each level (elementary, MS and HS) will be receiving professional development during February and early March on data gathering and progress monitoring for IEP goals. Co-teaching teams will also be participating. The outcome is for teachers to utilize daily instructional activities as authentic data sources.

The Gifted staff and counselors continue to complete assessments that support the identification of students with gifted needs. Upon completion of these assessments, tentative lists of students will be generated that may qualify for services in the 2017-18 school year.

The website and links to kindergarten registration for 2017-2018 went live on February 1. To date, we have almost 100 students pre-registered for kindergarten.

**Recreation Board Report** - Dr. Kelly submitted the following report:

The North Royalton Recreation Board met on January 31 at City Hall. All members were present and all affiliated groups were represented.

Youth baseball reported that 12 essays for the new NRBB contest had already been received. Winners will receive free registration and Dick's Sporting Goods gift cards. Online registration is proceeding well and a little ahead of last year's pace. In an effort to ensure play, NRBB is looking into merging with Strongsville and Berea in the girls leagues from age 9 through 14. Merger may be dependent on the number of players who register. NRBB has also now fully implemented an Abuse and Molestation Policy to coordinate with their background checks. Opening day for games will be May 22. As done last year, there will be an opening day event.

The Community Garden Club, which functions under the Recreation Board, reported that their start up meeting will be held on February 21. Late summer and autumn storms have destroyed their storage shed and they are looking for perhaps an eagle scout needing a project to build a new one. The city reported approval of the change to automated recycling. The hope is to increase recycling with the goal of reducing landfill tonnage from the regular trash. It was also reported that construction of the all-purpose trail of the Metroparks within city borders is to start very soon. The Recreation Department is working on renovating the soccer concession stand, building dugouts for York 8, and also completing the fencing repairs at Memorial Park.

The YMCA reported that Junior Cavaliers basketball program was highly utilized and proceeding well. There are beginning programs for JO volleyball ages 9 to 12 and AAU basketball for girls grades 3 to 8. NR basketball reported they fielded 9 teams all of which did well. One of the teams was a league champion. All teams are starting their playoffs.

Soccer's new president, Larry Zajac, was present and is looking forward to building and growing the soccer program.

The travel and premier programs are doing well and they are focusing on building interest in the recreation program especially at the high school level. He indicated that NRSC is very interested in helping with bond issue campaign efforts and information regarding their manager's meeting was shared. They are also looking for land for fields and asked to be notified if anyone became aware of any opportunities.

I gave an update on the records and schedules of the district winter sports teams.

The group was reminded of the upcoming Bears Baseball Camp and the Athletic Boosters Night at the Races in April.

The meeting adjourned at 7:00 p.m. The next meeting will be on Tuesday, February 28.

## X. REPORTS AND RECOMMENDATIONS OF THE SUPERINTENDENT

- a. *Superintendent Reports and Recommendations*

*Arts:* The evening's presentations covered the arts report.

*Athletics:* Winter sports are quickly coming to an end. This past Wednesday, we had three senior athletes sign their National Letters of Intent to continue their athletic and academic careers in college. Keeley Malley will go to school and play soccer at Malcone University. Jackie Clegg and Emily Mark will continue their studies and soccer careers at Ashland University.

*Academics:* The State of Ohio is now accepting public comments on their draft response to the Every Student Succeeds Act. This is federal law that allows individual states to address how we will meet accountability measures. Mr. Gurka encouraged everyone to log onto the Department of Education website, look at the draft and comment to the State. This was an opportunity for our State to ease the burden of some of the standardized assessments that we take.

*Draft 2017-2018 School Calendar:* Superintendent Gurka asked the Board for approval on the 2017-2018 school calendar and discussed the reasons we start school in August. He has received some feedback that if we started school after Labor Day, it may address our HVAC issues and the need for air conditioning in our buildings. As was reported in Mr. Presot's presentation, we have serious issues with our heating system that go beyond needing air conditioning. Also, the main reason schools are starting in August is because of the amount and timing of the state mandated testing systems. March and April are the times the state mandates that testing in grades 3-8 and end of course exams take place. If we start late, we are at a disadvantage, instructionally, prior to the test. We already start a week later or two later than other districts. Our calendar is designed in conjunction with the Cuyahoga Valley Career Center and we work with the other districts that have students at the CVCC.

*Bond Issue:* Mr. Gurka gave the following report: On May 2, 2017, we have a critical issue on the ballot, which is our bond issue to build one new elementary school to replace the existing three buildings, build a new 100,000 square foot addition to the high school and tear down the old 50s/60s section of the high school and renovate the 70s and 80s addition and renovate the middle school.

This is a comprehensive plan that was developed by the community for the benefit of the entire community. We know that our schools define our community. It is essential that we have strong schools across the spectrum - strong public schools and strong parochial schools. It is through that start that our entire community flourishes. Strong property values are a direct result of strong schools. It is essential that this issue is approved, as we cannot let needed repairs wait any longer.

We are here at Albion Elementary, which is one of our oldest buildings. On the surface, it may look o.k. and that is to the credit of our custodial and maintenance staffs. However, as Mr. Presot showed us earlier, the underbelly is not o.k. The OFCC stated it would cost \$10.5 million to renovate this building. They also tell us it would cost \$11 million to build new. It makes no sense to renovate. One elementary building will allow us economics of scale and the ability to staff the building appropriately to save operational dollars. The district also has the option to sell these existing buildings and utilize those dollars to pay off some of the bond debt that will be incurred.

If the bond issue is not passed, there are not existing dollars available to make the necessary renovations. Therefore, reductions to state minimums will have to be made. As presented to the community on January 4, cuts in transportation

for parochial and private school students, elimination of middle school sports and class sizes of 30 at the various levels are just a few of those reductions. These cuts will forever change the completion of our district and our community.

I ask that all residents are educated not only on the merits of the bond issue, but also the reductions that will take place and how that will affect you as part of our community. If you have any questions, please contact myself or any one of the board members for more information.

3. **RESOLUTION 2017-61: ADOPT 2017-2018 SCHOOL YEAR CALENDAR.** Resolve the Board of Education adopt the 2017-2018 School Year Calendar (Exhibit #1).

4. **RESOLUTION 2017-62: APPOINT OSBA DELEGATE AND ALTERNATE.** Resolve the Board of Education approve Dr. Susan Clark as delegate and Dr. John Kelly as alternate to the Ohio School Boards Association's Annual Capital Conference, held November 12-14, 2017.
