I. CALL TO ORDER. President Dr. Susan Clark called the regular meeting of the North Royalton Board of Education to order at 7 p.m., September 10, 2018, at the North Royalton High School Community Room.

II. PLEDGE OF ALLEGIANCE. President Dr. Susan Clark requested all present to join in the Pledge of Allegiance to the flag.

III. ROLL CALL. Present: President Dr. Susan Clark, Vice President Dr. John Kelly, Jacquelyn Arendt, Heidi Dolezal, and Anne Reinkober. Also present were Superintendent Gregory Gurka, Treasurer Biagio Sidoti, Assistant Superintendent James Presot, Director of Personnel Patrick Farrell, staff, media and visitors.

IV. RESOLUTION 2018-279: FINALIZATION OF AGENDA. Resolve the Board of Education approve the agenda as presented.

Moved by Kelly

Seconded by Arendt

Voting Aye: Kelly, Arendt, Dolezal, Reinkober, Clark

Motion Carried

V. RESOLUTION 2018-280: APPROVAL OF MINUTES. Resolve the Board of Education approve the minutes from regular meetings on August 9, 2018 and August 13, 2018.

Moved by Reinkober

Seconded by Dolezal

Voting Aye: Reinkober, Dolezal, Arendt, Kelly, Clark

Motion Carried

VI. RECOGNITION OF GUESTS AND PRESENTATIONS

Building principals recognized an individual or individuals for Inspiring Great:

High School: Royal Harmony performed the high school Alma Mater and two songs from their upcoming competition show, "Tune in to Love."

Middle School: Eighth-grader Megan DeAngelis was recognized for her involvement in athletics and many middle school clubs/activities, but above all, for being a tremendous student leader.

Albion: Third-grader Bella Scebbi, fourth-grader Madeline Pehanic and second-grader Reagan Jacubenta were acknowledged for modeling the core values of courage and resilience. They all faced their fears and worries about starting the school year and overcame these challenges by attending school every day.

Royal View: Fourth-grader Sophia Ray was recognized for her positive attitude, helpful nature and enthusiasm. Her teachers all stated that her happy disposition motivates her classmates and teachers with positivity.

Valley Vista: Fourth-graders Alaina Kovach, Reagan Cox, Ginny Baugh, Kaleb Evanish and Dexter Pedaci were recognized for being actors and actresses in a video to kick off the new school year, which is shown to the entire school at an all-school assembly. They showed their dedication to promoting Valley Vista's positive school culture by coming in twice during the summer to film the video in a very hot school. They are great examples of student leaders.

VII. PUBLIC PARTICIPATION. The public is invited to speak to any of the agenda items and other school topics at this time. Comments should be limited to five minutes. No speakers addressed the Board.

VIII. COMMITTEE REPORTS

Legislative Report - Mrs. Arendt submitted the following report:

With campaign season upon us, there are no updates on legislation. The Legislative Breakfast at the Cuyahoga Valley Career Center (CVCC) will be on September 25. Anne and I will be attending.

Cuyahoga Valley Career Center (CVCC) Report - Mrs. Arendt gave the following report:

The regular meeting of the Cuyahoga Valley Career Center Board was held on August 30, 2018. Several items of business were addressed, including an amendment to the superintendent's current contract and the approval of the administrative, support, and classified exempt salaries and benefits.

Superintendent Dave Mangas reported that the school year started wonderfully with the staff in-service day on August 20, where they learned about CVCC's five-year strategic plan, distributed service recognition awards, and welcomed new additions to the staff. Individual department trainings and meetings were also held that day. Students returned on Wednesday, August 22.

Double-boards will be on October 25, with the dental program being featured that evening.

Transportation - Mrs. Arendt submitted the following report:

The 2018-19 school year is off to a smooth start in transportation. All drivers and aides are excited to be back to work and safely transport our students to and from school and events. Currently, we have two potential new substitute bus driver candidates in training with our on-board instructors and look to have two more possibly begin training by early fall.

On September 5, the Ohio State Highway Patrol conducted their first round of spot inspections on our fleet. Ten buses were inspected, and all ten passed spot inspections, with only minor defects found and corrected. Three buses were found to have no defects. Spot inspections by the Ohio State Highway Patrol will now continue randomly throughout the school year.

Our first Transportation Appeals Committee meeting is scheduled for Monday, September 17 at 10:30 a.m. in the Board of Education Conference Room. At this time, three bus stop appeals are slated to be heard by the committee.

Curriculum & Instruction and Pupil Services - Mrs. Reinkober submitted the following report:

Pupil Services: Through the Office of Pupil Services, the District has two teams attending professional development opportunities through the ESC of Northeast Ohio. These trainings include a focus on Least Restrictive Environment and Strengthening the Quality of ETR and IEP documents. The teams will be selecting a specific focus for the year and developing processes and procedures to support District teams in their efforts to provide instruction to students with disabilities.

Every year, each school district receives a designation on the performance of their special education program, known as the Special Education Determination. The Ohio Department of Education's Office for Exceptional Children uses final data that our District submits through the Education Management Information System (EMIS) to make one of four determinations – *Meets Requirements*, *Needs Assistance*, *Needs Intervention* or *Needs Substantial Intervention*.

We are pleased to report again that the North Royalton City Schools' 2018 Special Education Determination has been deemed "***Meets Requirements.***" This determination is primarily based on final special education program data our District submitted through EMIS for the **2016-17** school year.

Curriculum: Several professional development sessions have been held for teachers to support the implementation of new online support programs purchased for students this year. Science and social studies teachers from grade four and the middle school learned more about the Discovery Education Techbooks and how to utilize the resources available. ELA teachers at the middle school were trained on Achieve3000 and have already conducted the initial "level set" with students to establish their reading Lexile. Finally, the high school teachers who instruct courses related to end-of-course exams learned more about the Apex tutorials and how to implement this program into a blended learning option for students. Our curriculum facilitators, Deanna Mikin and Ann Radefeld, will follow up with teachers during their common planning time and TBT time to ensure consistency of implementation.

Student 1:1 Chromebook distributions went off without a hitch in grades six, seven, and nine, and the Office of Curriculum and Instruction continues to work with staff to familiarize students with how to access their online texts.

Partnership for a Healthy North Royalton (PHNR) - Mrs. Reinkober submitted the following report:

September 30 concludes year five of a five-year grant to fund the Partnership for a Healthy North Royalton. This past March, PHNR re-applied for the grant to continue the program for an additional five years. We were informed last week that PHNR did not receive any additional funding. This community coalition not only helped to work with students in regards to the dangers of drugs and alcohol, but with all community members to help make North Royalton a safe place. I want to thank Amy Kuntz and Sheri Stafford for all they have done for the coalition, and to thank everyone

involved in PHNR over the years for all they have done to help our community. At this time, North Royalton City Schools is looking at the programs and services we provide for our students to make sure they continue to receive educational information in regards to leading a safe and drug-free life.

Professional Development - Mrs. Reinkober submitted the following report:

On September 23, I attended the Ohio School Boards Association workshop “Your District’s Financial Health.” The topics covered included Communicating Your Budget to the Public, Board-Treasurer Partnership, District Financial Policies, Findings for Recovery, Managing and Monitoring Educator Certifications, and Booster Groups. All sessions provided practical information for Board members.

The session on educator certifications listed those individuals requiring a license or permit from the Ohio Department of Education to work for the District. These include teachers and substitute teachers (both short and long-term), administrators, pupil services personnel (OTs, PTs, nurses, SLPs, etc.), coaches, educational aides and student monitors, career tech teachers and adult education instructors. They covered several scenarios where problems could arise. The key is to have a process in place that tracks both new hires and current staff to be sure their licensure/permit status is up-to-date and has not lapsed.

Buildings & Grounds - Mrs. Dolezal submitted the following report:

Even though all HVAC units were given a once-over and started up to make sure all was good for the start of school, we had a few units that did not work properly.

Sections 100 and 200 of the high school presented problems on and off during the first three days of school, as the maintenance department staff went to the roof for adjustments and repairs. Four window units also failed and three of four were repaired. We are awaiting the arrival of new circuit boards to make the final repair. The maintenance department is really looking forward to the new addition and renovations to the high school HVAC over the next two to three years.

The kitchen refrigeration units also had some issues during the first five days of school. With the bond issue funds, we will be seeing new kitchen equipment in our high school and elementary projects as well.

The maintenance department relocated the bleachers from the east side to the west of the practice football field, as the field was shifted due to the new construction behind our high school. The concrete pad that the bleachers were set on was cut and removed, with dirt added to fill the void. The new road behind the high school is taking shape, and the timeline for completion by mid-to late-October is still on schedule.

The scoreboards in the middle school Gold Gym are working properly together. Each board works fine alone, but once both boards are plugged in and try to communicate with one another, the trouble begins. We have made contact with several manufacturers, and a new controller is being ordered.

The middle school roofing project is to a close. The contractors are in the process of putting on the metal cover panels, and this should be completed in the next week or two.

Finally, the new HVAC units for the middle school gyms are scheduled to be delivered and installed during the next two weeks. This project is part of the bond issue.

Financial Advisory & Audit Committee: Mrs. Dolezal submitted the following report:

The next Financial Advisory & Audit Committee meeting is scheduled for October 18, 2018.

X. REPORTS AND RECOMMENDATIONS OF THE SUPERINTENDENT

The District's renewal levy, Issue 6, which is on the November 6 ballot, will not increase taxes even with the updated increased property values that were recently issued by the Cuyahoga County Fiscal Officer.

Specialty North Royalton City Schools license plates are available for an additional cost of \$40, with \$30 of that fee going back to the District to support the emotional health of our students.

There was a brief update on student enrollment numbers.

Construction Update: The road behind the high school is being built. This will allow traffic flow patterns to be maintained during construction. The middle school HVAC project will be completed in the next week or so, and the pre-construction process continues for the elementary site at State Road and Valley Parkway.

Upcoming events include the Festival of the Bands on September 15 and the homecoming game on September 21. NREF is hosting a fundraiser, Friday Nite Bites, from 4-6:30 p.m. before the game.
