12. APPROVE RESOLUTION.**STATEMENT OF OPPOSITION BY THE NORTH ROYALTON BOARD OF
EDUCATION TO HB 153 RELATING TO PUBLIC EDUCATION FUNDING****RESOLUTION NO. 2011 - 92****May 9, 2011**

The North Royalton Board of Education wishes to convey to Chairman Amstutz, ranking member Sykes, and members of the Finance Committee of the Ohio House of Representatives, its opposition to House Bill 153.

The North Royalton City School District sent Board Member Dan Langshaw to testify in person about the impact that HB 153 will have on our District on April 7, 2011. However, because this issue is so vital to the fiscal health and academic performance of our District, we are also providing this Board statement of opposition to HB 153 in its current form as it relates to funding for public education in Ohio.

The North Royalton City School District is a suburb of Cuyahoga County that is 15 miles south of downtown Cleveland. The North Royalton City School District currently serves more than 4,700 students from the Cities of North Royalton and Broadview Heights. The school district is comprised of an Early Childhood Center (Pre-K through Kindergarten); three elementary schools: Albion, Royal View, and Valley Vista Elementary (Grades 1 to 4); North Royalton Middle School (Grades 5-8); and North Royalton High School (Grades 9 to 12). 16% of students in the North Royalton City School District come from economically disadvantaged households. The City of North Royalton is 21.8 square miles and has approximately 32,500 residents.

Under Governor Kasich's current budget proposal, the financial impact to the North Royalton City School District will be devastating. Based on recently released figures from the Ohio Office of Budget and Management, our District faces a projected loss of 38.11% of its state funding next year. In State Foundation Aid proposed by the governor, our District will lose more than \$1.8 million dollars in the coming biennium. When factoring in other cuts proposed in the Governor's budget, including the loss of federal stimulus funds, our District would lose nearly \$5 million dollars in this proposed biennium budget. Of the more than 600 school districts in the State of Ohio, only 22 districts stand to lose more in the percentage cut from our budget and just 60 more lose in total dollars.

The budget submitted by the Governor takes what were once locally levied tax revenues, money from our school community and claims it for the state's General Revenue Fund. These proposed cuts are dramatic in their impact on our school district and unfair to the residents of our school community. An analysis of those projected savings shows our District still experiencing a net loss of revenue that would be equivalent to an additional 2.28 mills of taxation on our residents. In addition, other pending legislation such as HB 136 could result in further funding being diverted from our district to other sources.

We pride ourselves on our academic performance over the years in North Royalton. Our District has received an “Excellent” rating by the Ohio Department of Education for the 11th consecutive year.

Our District continues to rank high in performance with one of the lowest cost per pupil expenditures in the entire county. According to *Forbes* magazine, North Royalton was among the top 10 cities in the country that offer families excellent public schools and median home prices between \$100K and \$200K.

In May 2009, our community stepped up during one of the toughest recessions since the Great Depression to pass a 6.2 mill levy because they value public education.

North Royalton City Schools have received the Certificate of Achievement for Excellence in Financial Reporting for its comprehensive annual financial report (CAFR) year for the past 18 years. We have met every state and federal accountability measure imposed upon us, and our students continue to achieve at the highest level.

North Royalton High School seniors consistently score above the national average on the ACT test and, last year, there were two National Merit Semifinalists and five Commended students from our District.

Those are the types of results that we believe should not only be emulated by every school district in Ohio but also that we fear may be lost under the current funding proposals contained in HB 153.

The North Royalton Board of Education urges the Finance Committee to *not* approve HB 153 as currently written. We urge the legislature to not penalize our district and like districts while offering increases to other districts. We also urge the state legislature to focus on including a reduction cap of 20% or less on the total received in fiscal 2011 from state foundation aid, TPP reimbursement and KWH reimbursement.
