Curriculum & Pupil Services – Ms. Dolezal

The Educational Service Center of Cuyahoga County, State Support Team 3 and Cleveland State University hosted a Response to Intervention Summit on August 3 through 5. All four elementary principals, the middle school principal, Susan Welch and Bruce Bradley attended. There was a wealth of information presented, as well as some dynamic speakers. They were able to meet as a team at the end of Wednesday's program to discuss the present RTI process at North Royalton, and some plans for improved implementation.

Bonnie Pelecky and Bruce Bradley attended a webinar on a database from Pearson that houses all pupil assessments and can generate reports that help teachers and principals make instructional decisions about grade level, classroom, and individual students. The representative will be presenting to the administrative team on Friday afternoon.

The Consolidated Continuous Improvement Plan was finalized, with some adjustments to Title III. ODE allocated more funds to all districts that receive Title III, so the funds had to be allocated. The CCIP should be final approved this week.

After lengthy discussions with the administrative team, a proposal had been developed that should streamline meeting time for various committee members. Research based quality instruction is the foundation of all instruction, whether the students are gifted, on an IEP, or in a core classroom. Therefore, discussions about instruction, intervention, enrichment, and assessment should be relevant for all students being served. With this in mind, the CAC, GAC, and Special Education will combine to form the Curriculum, Instruction, and Assessment Committee. Bruce Bradley and Susan Welch will draft letters to the various committee members explaining the philosophy of the change and how it will ultimately help improve achievement for all students.

NR Educ. Foundation – Ms. Dolezal announced the next meeting is scheduled for August 11th at 3:30pm.

Building and Grounds – Mr. Reinhard gave the following report:

1. The roof renovation project at the high school is completed and the rooms are ready for use by the staff and students this fall. Several rooms had leaks due to the age of the roof and now will be dry as a result of the new roof system.
2. The contractor performing the site work at the stadium has completed their work. The bleacher materials were dropped off on Friday and the crew that is installing the bleachers did begin work today.
3. The majority of concrete and asphalt repairs scheduled for this summer have been completed or will be finished in the next several days.
4. The maintenance department and building custodial staffs continue to work hard to get all of the last minute items completed before the staff and students return. It was a busy, but productive summer for all of the crews. They should be commended for all the work that they did.

Legislation – Ms. Reinkober stated there are two items of interest: as one of the 19 state finalists, Ohio's Race to the Top presentation team will be in Washington tomorrow (August 10) to present their plan and to respond to questions from the U.S. Department of Education panel.

Last Wednesday, the U.S. Senate approved a \$26 billion bill that included \$10 billion for education. Members of the House of Representatives have been called back to Washington to vote on the measure this week. Estimates indicate that Ohio could receive as much as \$361 million should the bill pass as presented.

Financial Advisory Committee – Mrs. Reinkober stated there are no reports for the Financial Advisory Committee or the Family and Civic Engagement Committee.

Health and Wellness Committee-Mr. Langshaw gave the following report:
No report for Health and Wellness Committee.

City Earth Energy Environment Committee- Mr. Langshaw gave the following report:

The City Earth Energy Environment Committee did not meet this month since City Council is on recess for the month of August. The next EEE committee meeting will be held on September 1st at 7pm at City Hall.

School Green Team- Mr. Langshaw gave the following report:
No report for School Green Team.

Policy Committee- Mr. Langshaw gave the following report:
The District has revised its Policy and Administrative guidelines relating to Section 504 and Title II of the ADA. Copies of the revised can be obtained by visiting the Pupil Services web page and clicking on the Section 504 tab or by contacting the Office of Pupil Services at 440-582-9140.

Mr. Langshaw made the following announcement:
Just a reminder that Operation NR CARES, a week long drive that benefits the North Royalton/Kiwanis Emergency Food Bank and families of students in need of basic school supplies in the North Royalton Community is this week August 9th-15th. Supported by the North Royalton City School District in coordination with the City of North Royalton Office on Aging and Human Services. If you like to donate a school supply or can food item you can drop it off at any of the following locations: City Office on Aging & Human Services, Board of Education Office, French Quarter Café, St. Albert the Great Church Rectory, Howard Hanna Realty on Sprague Rd., and Discount Drug Mart. Also thank you to all those who came out to the Kick Off Event at the French Quarter Café earlier this evening!

Transportation – Mr. Reinhard submitted the following report:
We had a bus inspection on July 29th. We presented 20 buses of which 19 passed. At this point 54 buses have been approved for use during the 2010-2011 school year. We have 2 buses scheduled for re-inspection. Repairs on those 2 buses are complete. Our last inspection is scheduled for August 13th. We will present our final 13 buses at that time.

We had 6 drivers attend advanced driver training at Avon Lake High School. This is a 2 day class that goes beyond the required recertification training.

All buses (21) that were scheduled to have the emissions retrofit are now complete. The Ohio EPA sent a note of thanks for completing the project on schedule and under budget which is something they will look at when considering us for future grant money. The EPA estimates this retrofit will remove 45.2 pounds of fine particles, 550 pounds of carbon monoxide, and 254.2 pounds of hydrocarbons from the air each year.

CVCC- Mrs. Hannan reported that the CVCC School Board held a special meeting in July to discuss the annual compensation for the treasurer and superintendent.
