To Parent/Guardian of students entering 12<sup>th</sup> grade in the 2022-23 school year:

The Ohio Department of Health has updated the immunization requirements for students entering 12<sup>th</sup> grade. **All Ohio students entering 12<sup>th</sup> grade must now have had the meningococcal vaccine administered prior to entry**

- If your student received a dose of meningococcal vaccine on or after his/her 16<sup>th</sup> birthday, please provide that information including date of vaccination from your healthcare provider.
- If your student's first dose was administered prior to his/her 16<sup>th</sup> birthday, a second dose is required (with a recommended interval of (8) eight weeks between dose #1 and dose #2).
- Your student will need to show proof of having received the required vaccine(s) **on or before September 9, 2022.**

We take the health, safety, and well-being of our students very seriously. As with other school immunization requirements, Section 3313.671 of the Ohio Revised Code states that students who do not provide documentation of appropriate immunization are subject to exclusion from school.

VERIFICATION OF THE IMMUNIZATION MUST BE RECEIVED AT SCHOOL USING THIS FORM OR OTHER APPROPRIATE DOCUMENTATION (i.e., copy of current/updated immunization record).

---

### CERTIFICATE OF IMMUNIZATION

Name of student (please print) \_\_\_\_\_ Date of birth \_\_\_\_\_

**This is to certify that the above-named student received:**

MENINGOCOCCAL (MCV4)
