## Reading Notes

- **Read it again and again**

Go ahead and read your child's favorite book for the 100th time! As you read, pause and ask your child about what is going on in the book.

- **Read it and experience it**

Connect what your child reads with what happens in life. If reading a book about animals, relate it to your last trip to the zoo.

## Home Activity:

**Magnetic letters** is an easy fun activity to do at home. Take some letters (if they are magnetic you can use them to make words on the refrigerator) and practice making words. They can be real, nonsense, color or sight words. You can also do word families. If they know the word **cat** say, I am going to take the **c** and put in a **b**. What word did I make? (**bat**)

### **Word-Families List—Short Vowels**
